I was working on a startup's process management. My duties were: Salesforce implementation, creating processes and training sales people. Also, working with Web Designer and FrontEnd developer was one of my responsibilities too.

### Account manager

#### Baltnetos komunikacijos, UAB

2015.05 - 2016.09

In this job position my duties were: selling IT services to potential and existing B2B clients, attending meetings with client, managing portfolio of over 400 clients, project management: constructing budget and timelines.

### Administrator - Sales manager

#### Domus Lumina, UAB

2014.12 - 2015.05

Roller Blinds, louvers etc. products salon administration, orders management, organizing timetables for foremen group.

### Insurance consultant

#### PZU Lietuva, UAB DK

2012.07 - 2014.12

In this job position my duties were: communication face to face and over the phone with B2C clients, contracts extension and upselling, settlements monitoring, search of potential clients.

## Working skills

TEAMWORK	<div><div></div></div>
QUICK LEARNER	<div><div></div></div>
LEADERSHIP	<div><div></div></div>
PLANNING	<div><div></div></div>
PROJECT MANAGEMENT	<div><div></div></div>

Working as a Sales manager I gained strong set of communication, team working, negotiation and problem solving skills, which is going to be advantageous for FrontEnd developer career.
